

do something  
amazing for

humankind<sup>®</sup>

for fair chances

# Our Charity

Humankind has been supporting some of the most vulnerable and socially excluded people across England for over 35 years and we continue to offer a unique range of services to help people access the opportunities and chances in life which most of us take for granted.

## Our Vision

Our vision is for people of all ages to be safe, building ambitions for the future and reaching towards their full potential.

## Our Mission

Humankind creates services and support to meet people's complex health and social needs, helping them to build healthier lives that have meaning and value for themselves and their families. We support local people to create stronger, better-connected communities.

**Last year, we  
supported  
over 76,000  
people.**

**Your support will do something amazing for the people accessing our services - it will give them a fair chance at achieving their aspirations and reaching their full potential.**

### **Young People and Families**

Humankind works with young people and families experiencing multiple disadvantages such as a lack of stable housing, long-term unemployment or family breakdown. Your support could help break the cycle of disadvantage by enabling us to develop new ways of supporting the whole family to thrive.

### **Health and Wellbeing**

Humankind offers person-centred services designed to maximise people's health and wellbeing, including clinical services and early intervention services for people with mental health conditions and learning disabilities. Your support could help us to provide our service users with the resources to set up their own peer-led support activities, providing a sustainable and empowering way to help others in their community.

### **Housing and Independent Living**

We provide services which support people with multiple and complex needs to source the right accommodation and develop the skills to live independently. We are also a Registered Social Landlord. Your support could help our service users to purchase essential kitchen equipment to help them to put into practice the healthy cooking skills we develop with them.

**Every day, 2 people are housed by our Housing services. That's 14 per week, or 61 per month.**

**humankind<sup>®</sup>**  
**for fair chances**

## **Drug and Alcohol Recovery**

We deliver high quality treatment and recovery services for people who are affected by substance misuse. We support adults and young people to overcome the underlying causes of their addictions and to build the resilience, skills and confidence to achieve their aspirations. Your support will help to provide much-needed resources for people to break down barriers to their recovery (e.g. supporting someone to complete a course to progress their employability).

## **Offender Rehabilitation**

We deliver services to help those who have a history of offending behaviour. Many of our service users are desperate to change, yet face significant barriers to employment, training, safe accommodation or positive social networks which make leading a crime-free life possible. Your support could help someone access a course that could move them closer to the world of work.

## **Work and Skills**

Humankind offers specialist education and employment services offering vulnerable people the valuable opportunity to work towards their career goals. Your support could help us to provide much-needed tailored education and accredited qualifications to young people who are unable to access mainstream education provision (e.g. young people with learning differences, mental health problems or who have experienced trauma).

“My son is like a different person. When he’s been out on an activity, it gives him the chance to have some fun and just be himself.”

Whether it be through a personal donation, corporate sponsorship, or fundraising for us yourself, rest assured that every penny you help us to raise will do something amazing for someone who deserves a fair chance.
